270.00mm

Price: 86,500.00EGP

Short Description

Expansion Unit 12 bays DX1222

Description

Add 12 bays to your DiskStation on the fly

Use Synology Expansion Unit DX1222 to add 12 additional bays to your deployment while keeping your storage and services online and uninterrupted.

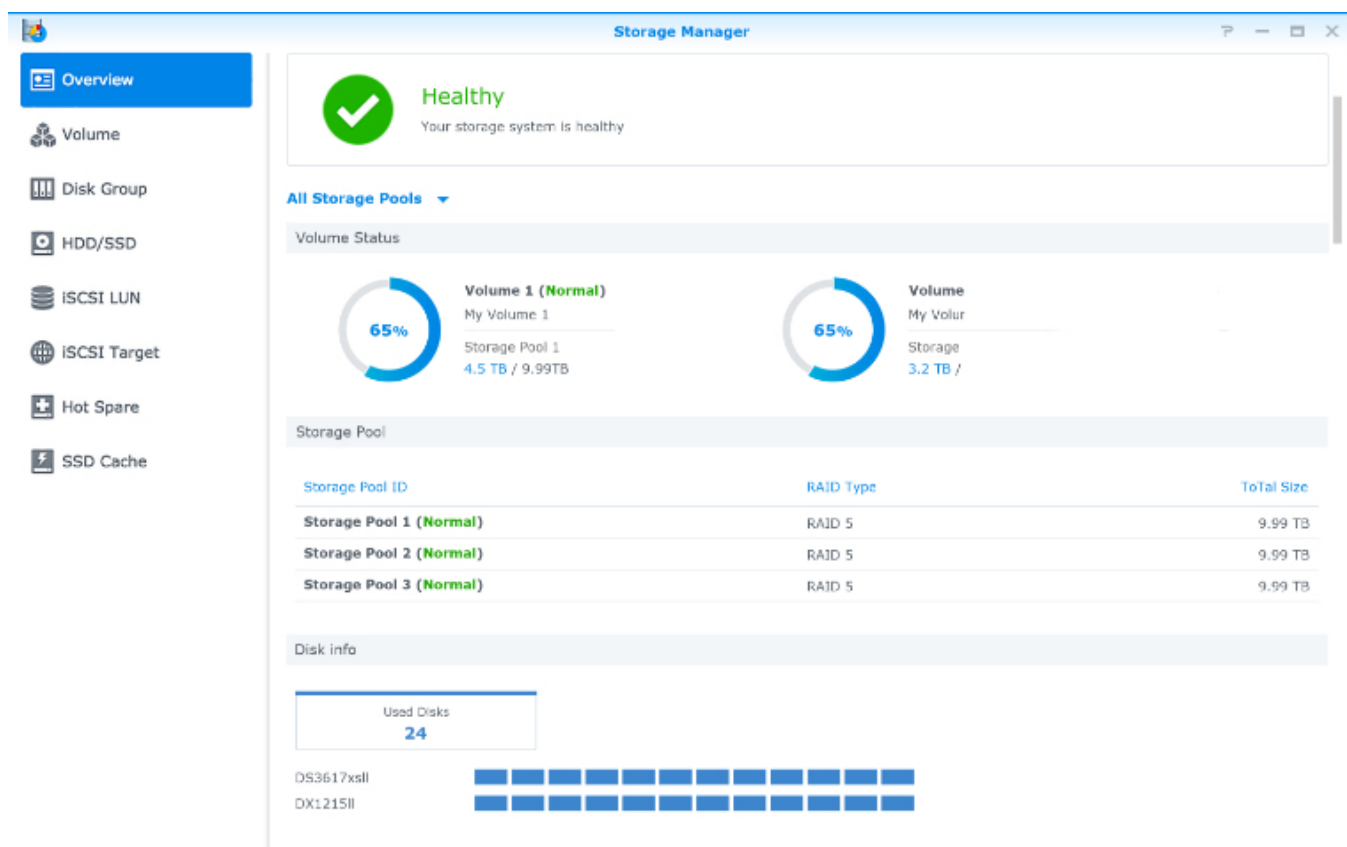

Fast setup

Your additional storage will be ready to use in a matter of moments after you connect it to your host NAS.¹ Online volume expansion enables you add a new volume or expand RAID volumes without reformatting drives through DiskStation Manager (DSM).

Centrally manage all your drives

Benefit from unified drive management after connecting the DX1222 to your primary NAS. Maintenance, monitoring, and administration of drives on both units is simple with Synology DSM.

Specification

NAS
